

ABOUT THIS JOURNAL

The *Journal of Ancient Egyptian Interconnections* (JAEI) is an online scholarly publication integrating Egyptian archaeology with Mediterranean, Near Eastern, and African studies—providing a dedicated venue for this growing field of interdisciplinary and inter-area research.

The journal has a somewhat wider geographical and temporal range than existing publications (such as the excellent *Ägypten und Levante*) while specializing in all aspects of interaction between ancient Egypt and its neighbors. JAEI publishes full-length articles, short research notes, and reviews of published works (as well as reports and announcements of relevant conferences, symposia, etc.), each of which has been peer-reviewed in a blind screening process by an Egyptologist and specialist from the outside area of interaction.

The Editors are assisted by an Editorial Board composed of distinguished scholars from a number of countries around the world who are experts in the cultures of ancient Egypt's neighbors or aspects of their interaction with Egypt. In this way, JAEI is well equipped to provide a solid publication platform for an area of study with true focus yet wide application within Egyptology and general historical studies.

The *Journal of Ancient Egyptian Interconnections* is published four times a year (occasionally more). Subscriptions may be obtained with secure online payment by following the subscription link on the journal's home page, or by contacting the subscriptions manager at jaei@egyptianexpedition.org. A Guide for Contributors to JAEI is available for download. Submissions and editorial queries should be sent to the Editors at jaei@egyptianexpedition.org.
